Employee Benefits Overview 2026

This overview summarises the benefits Fernhollow Instruments offers to permanent employees in 2026. Fixed-term contractors with contracts of 12 months or longer receive the same benefits. The full terms are in the benefits section of the HR portal.

Pension

Fernhollow matches employee pension contributions up to 6 percent of base salary. Employees are enrolled automatically after 1 month of service with a default contribution of 4 percent, and can change their contribution at any time in the HR portal. Changes take effect from the next payroll.

Health insurance

Private health insurance covers the employee and their children under 18 at no cost to the employee. Cover for a partner is available at a subsidised rate of EUR 35 per month. Dental treatment is included up to EUR 600 per person per year. Cover starts on the first day of employment.

Wellbeing

Employees receive a gym and sports subsidy of EUR 40 per month, paid with salary. The Employee Assistance Programme offers confidential support by phone 24 hours a day, 7 days a week, including up to 6 free counselling sessions per year.

Learning budget

Every employee has a learning budget of EUR 1,200 per calendar year for courses, books, certifications and conference tickets. Requests above EUR 500 need approval from the line manager. Unused budget does not carry over to the next year.

Cycle to work

Through the cycle to work scheme employees can buy a bicycle and safety equipment worth up to EUR 2,500 through salary sacrifice, repaid over 12 months. Applications open twice a year, in March and September.
